## EDUCATION

**Diploma in Human Resource Development - Buraimi**  
University College | 2017 - 2018

## SKILLS

- Leadership
- Team development
- Logistics coordination
- Safety management
- Data analysis
- Traffic flow management
- Strategic planning
- Accountability tracking
- Decision-making
- Communication
- Networking
- Operational supervision
- Time management
- Task prioritization
- Process optimization
- Multitasking
- Problem-solving
- Employee mentoring
- Performance evaluation
- Conflict resolution
- Relationship building
- Goal setting
- Work under pressure
- Attention to detail

## SUMMARY

Results-driven Human Resource Development and Logistics professional with over four years of experience in team leadership, safety management, and logistics coordination. Skilled in optimizing operations, solving complex challenges, and ensuring compliance with safety protocols. Adept at analyzing data, preparing detailed reports, and improving team performance. Proven expertise in coordinating truck entrance operations, managing industrial area traffic flow, and enhancing logistics processes using IT solutions. Strong leadership, communication, and problem-solving abilities, with a track record of delivering quality results under pressure.

## CORE COMPETENCIES

- Expertise in streamlining logistics processes, managing transportation operations, and utilizing IT systems to optimize shipping, tracking, and delivery workflows.
- Skilled in establishing and enforcing safety procedures, conducting risk assessments, and ensuring compliance with regulatory standards to maintain a secure and efficient workplace.
- Adept at identifying issues, analyzing potential solutions, and implementing effective strategies to resolve challenges and improve operational efficiency.
- Experienced in overseeing employee tasks, ensuring compliance with timelines, and maintaining high-quality standards in daily operations.
- Knowledgeable in managing financial data, ensuring accuracy, and maintaining comprehensive records gained through hands-on training in accounting.

## WORK EXPERIENCE

### Logistics Coordinator Nafith Logistics, Oman

Dec 2022 - Present

Verify that truck cargo loads adhered to requested specifications and met compliance standards. Ensure the effective use of premises, assets, and communication channels to maintain operational efficiency. Optimize shipping and transportation procedures by leveraging advanced logistics IT systems. Oversee traffic flow within industrial zones, identifying and addressing bottlenecks to improve efficiency.

#### Key Achievements:

- Collaborated with multiple departments to refine transport procedures, leading to smoother operations across all logistics stages.
- Improved truck turnaround time by 25% through the implementation of an updated scheduling and routing system.
- Enhanced communication channels between logistics teams and truck drivers, resulting in improved coordination and efficiency.
- Reduced traffic congestion at the industrial gate by 15% by developing and enforcing revised entry protocols.
- Identified and resolved recurring issues in truck entry operations, minimizing delays and enhancing overall productivity.

### Team Leader Safety, Majid Al Futtaim

Jan 2019 - Mar 2020

Supervised shift operations across three contracts, ensuring smooth and efficient workflows. Developed team skills through training sessions and hands-on guidance, promoting continuous improvement. Ensured compliance with safety procedures, reducing workplace hazards and fostering a safe environment.

#### Key Achievements:

- Enhanced team cohesion and morale by fostering a culture of open communication and collaboration.
- Reduced operational errors by 30% by implementing a robust reporting and feedback system.
- Identified and addressed skill gaps within the team, creating targeted training programs for improvement.
- Resolved complex operational challenges by applying analytical problem-solving techniques.
